Demanding conditions, applications and environments make Cat ® C9 Industrial Diesel Engines the perfect solution for your severe duty equipment. With decades of diesel engine innovation and expertise behind these engines, they deliver the low operating costs and legendary Cat reliability and durability that give you a powerful advantage.

C9 Industrial Diesel Engines | Cat | Caterpillar

Caterpillar also offers a variety of supplemental coolant additives that allow you to extend your drain intervals, saving both time and money. Coolant testing strips, refractometers and testing kits assist in helping you avoid machine downtime due to an early change interval and provides early detection of problems to help you avoid major ...

Cat® Coolants - engine coolant - diesel exhaust fluid ...

f you own a newer piece of Cat® equipment, you probably haven't given coolant much thought. That's because your machine came factory-filled with Cat Coolant that lasts for 6,000 hours — three times as long as conventional coolant — with no extender required. It's hands-off and worry-free. During those 6,000 hours, Cat Coolants provide excellent protection against boiling and ...

The larger diesel engines such as the Cummins ISC, ISM, ISL and ISX as well as the Cat C9, C11 and C13 all use wet-sleeve designs. These wet-cylinder engines allow the sleeve (that contains the piston) to come in direct contact with the coolant.

What You Need to Know About Diesel Antifreeze and Coolants ...

Extended Life Coolants - Two options of extended life coolant include Cat ELC which contains Glycol and Cat ELI which is water based coolant that does not contain Glycol. Cat ELC and ELI provide industry leading corrosion resistance and longer engine life. This coolant uses Organic Acid Technology (OAT) with additives extending the life of the ...

Coolants/Antifreeze · Extended Life Coolant

this Special Publication can cause engine failures, shortened engine service life, and reduced engine performance. In order to avoid potential damage to your Cat Cat engine, only purchase Cat fluids and Cat filters through your Cat dealer or Cat authorized outlets. For a list of authorized Cat parts outlets in your area, consult your Cat dealer.

Cat Commercial Diesel Engine Fluids Recommendations

Designed for engine mounted applications. Attributes: • Use in coolant or water • Can be mounted vertically or horizontally • Sourcing switch logic Applications: • Designed to operate in difficult conditions (High vibration and elevated temperature) • Cat Level Sensors are application or tank specific.

When I first bought my 2006 Beaver with a Cat C9, I had the same question about the operating temp. For my first service I took the coach to a Cat service center and asked about what semed to be a high temp. I was told that the C9 is designed to run at 205 to 210 degrees and that the thermostat opens at 205 degrees.
