***The only route to improved performance is by placing your human resource at the center of your strategic decision-making. Living Strategy shows you why and how to design strategies that have meaning and purpose for people, without whose commitment they remain drawings on the board-room wall chart. It argues that a new management agenda is crucial and shares the three tenets of human organizational behavior. The six-step***

***According to Lynda Gratton, to understand 'how' of putting people at the centre of corporate strategy, firstly we must understand 'why' this is crucial. Therefore, at the first stage she explores these tenets and capabilities as briefly mentioned above (more detailed discussion see Part II pp.25-94). At the next stage, to create a living strategy she develops a six-step process (build a guiding coalition, imagine the future, understand current capability and identify the gap, map the system ...***
